

Skilled Regional Sponsored (SRS) visa program

Eligible occupations for Tasmanian State Sponsorship - excluding former overseas students

Applicants please note

This list does not apply to former overseas students intending to apply for an SRS visa. Eligible students should refer to [487 Eligibility Requirements](#) for more information

The occupations on this list do not represent specific vacancies nor any promise of a job. Should you be granted an SRS visa and settle in Tasmania it is up to you to secure employment. Please note that migrants receive no 'special treatment' and you will have to compete with local candidates for available jobs

International English Language Testing System (IELTS) scores required for Tasmanian SRS sponsorship are generally higher than those required by the Department of Immigration and Citizenship or the designated skills assessing authority. Please be aware Tasmania ceased offering English language concessions in November 2008

If your occupation is not on this list but you have secured a skilled job offer from a local employer, the Department of Economic Development and Tourism (EDT) will consider your SRS sponsorship application. It is your responsibility to secure this job offer, which will be subsequently verified by EDT.
